

2010-08-31 New 10G BX XFP Product Announcement Cell 10G BX XFP

This product release update notice serves as a formal marketing communication of Cell Technology to inform partner/or customer that Cell product(s) has been enhanced/or released into the market.

Cell Product

10G BX XFP

Product Models
XFP-10GBX-10-33/27
XFP-10GBX-20-33/27
XFP-10GBX-40-33/27

Overview

Cell Technology has announced the launches of new 10G BX XFPs (Small Form-factor Pluggable) network modules with wavelength 1330nm/1270nm Bi-Directional for our Cell NAS, NetsAccess product solution into market for most of IP broadband carrier's infrastructure with a long haul of fiber connectivity. This single fiber bi-directional 10G XFP can well fit into any optical network equipment or multi-function converters for optimizing fiber solutions that meet the high demands of today's fiber services for carriers and large enterprises.

Most of service providers have deployed Cell SFP/XFP for her optical network repeaters, multi-rate applications up to 10Gbps, BWDM/CWDM/2.6G Multi-Rate for MAN applications and long haul of fiber deployment. With product robustness, extremely high reliability, wide range of coverage, and digital diagnostic performance monitoring, our carrier-graded SFP/XFP has been widely acceptance deployed into many service providers in Asia Pacific.

Main features of 10G BX XFP:

- Cell 10G BX XFP are compliance with IEEE802.3ae 10GBASE-BX, and Ethernet standard, XFP MSA INF-8077i.
- Cell 10G BX XFP support bi-directional link distance up to 10km, 20km and 40km.
- Cell 10G BX XFP support wavelength with 1330nm/1270nm, simplex LC connector, hot pluggable, and RoHS compliant.

Cell Support Centre

For any Cell partner or direct customer technical support, the **Cell e-TAC (On-Line Technical Assistance Centre)** is located at <http://support.cell-technology.net> for you to download any technical documentation, product information and latest product software release for our product installation and maintenance.

Cell Customer Support

For any Cell customer support, you should contact your authorized distributor or reseller in the first instance. Cell Customer Support Centre for Asia Pacific region is located in Hong Kong SAR. Email is preferred method of initial contact.

Normal Business Hours : 9 am to 6 pm Hong Kong CST
Technical Support Email : support@cell-technology.net
Telephone : +852 2893 9388

About Cell Technology

Cell Technology headquartered at Hong Kong SAR, a network & security technology provider specializes in design, develop and deliver innovative and intelligent IP packet processing platform into software and hardware appliances. Cell product solutions including Cell IPS, UTM, CMC, Janus, TMS, NetsVision and NetsAccess address the business needs that optimize the IP network performance, secure the network security and resiliency, and manage the quality of IP services. For more information, please visit www.cell-technology.net.
